Subject: PCU Periodic Inspection Report

Dear George,

After our conversation last Friday, I wanted to inform you that PCU has accepted the Periodic Inspection Report as issued by the committee. We will follow up with a letter to you and the committee regarding the additional changes we have made to our curriculum, mandatory actions and suggested actions. As I had advised you, we have instituted many changes here at PCU since the committee was here.

Thank you for all of your help and support. Dean Sherry Diamond will be at the meeting on Friday since I am working on our 90th Gala.
